## Getting Paid:

We make payments to our affiliates **once per month**. All our payments are made through **Paypal.com**, the most recognized and widely used online payment system.

That means, in order to get paid, **you MUST have a Paypal account**. If you don't have one yet, you can sign up for a free account at [www.paypal.com](http://www.paypal.com).

**NOTE:** You can still promote our yoga products and earn commission, even before you have a Paypal account. Your affiliate balance will simply remain recorded in our system until you have set up your own Paypal account to receive your payments from us.

TheYogaTutor.com will pay any and all fees charged by Paypal to transfer your commissions to you. That means if you earn \$500 in commissions, you will receive \$500 into your Paypal account (no hidden fees or costs to you).

## Minimum Commission Threshold:

There is a minimum commission payment threshold of 100 USD. This simply means that if your commissions are less than \$100 on the scheduled payout date, your balance will roll-over to the following payment period(s). When you have accumulated at least \$100 owing, you will receive your commission payment from us on the next scheduled payment date.

## Entering Your Paypal Account Details:

Once you have a paypal account, you will need to add it to your fusionhq affiliate account information. To do that, simply log in to your affiliate account and click on the “SETTINGS” tab at the top right of the page.
